# לְקַבֵּץ מְזוּזָה

## **Affixing a Mezuzah**

The Mezuzah should be fixed permanently to the door post, facing the main door on the right side, in the upper third and placing it with a slight inclination. To do this, it is best to use nails or screws, but if necessary, you can also use glue or double-sided mounting tape. Do not use regular masking tape or masking tape, which are temporary adhesives.

Just before you affix the Mezuzah you say the traditional Mezuzah blessing. You can say it in Hebrew or translated to any language you understand.

First get the Mezuzah in position with your nails ready or the double sided tape peeled. Make sure you know how high and on what side of the door you want to affix the Mezuzah. When you are all ready, say the Mezuzah Blessing and then immediately, without talking, affix the Mezuzah.

If you are affixing several Mezuzahs one immediately after the other, one blessing suffices for all of them.
